Assistant or Associate Professor, Sean N. Parker Center for Asthma and Allergy Research, Department of Medicine, Division of Pulmonary and Critical Care Medicine
Stanford University School of Medicine

The Division of Pulmonary and Critical Care Medicine, Sean N. Parker Center for Asthma and Allergy Research in the Department of Medicine at Stanford University seek a physician scientist to join the Department as Assistant Professor or Associate Professor in the Medical Center Line or University Tenure Line.

The predominant criterion for appointment in the University Tenure Line is a major commitment to research and teaching.

The major criteria for appointment for faculty in the Medical Center Line shall be excellence in the overall mix of clinical care, clinical teaching, scholarly activity that advances clinical medicine and institutional service appropriate to the programmatic need the individual is expected to fulfill.

Faculty line and rank will be determined by the qualifications and experience of the successful candidate.

The successful applicant should be an MD or MD/PhD, board certified in allergy and immunology, hold or be able to obtain a California medical license, and perform basic or translational research in allergy, immunology, and asthma.

We are particularly interested in candidates with research programs in the areas of basic science immunology, etiology of disease, links between genetics and environmental exposures, and immune mechanisms of therapy.

Please submit your CV and letter of interest to the attention of Dr. Stephen Galli, Search Committee Chair at: http://facultyapplication.stanford.edu

Stanford is an equal opportunity employer and is committed to increasing the diversity of its faculty. It welcomes nominations of and applications from women and members of minority groups, as well as others who would bring additional dimensions to the university's research, teaching and clinical missions.
