The Division of Pulmonary and Critical Care Medicine in the Department of Medicine at Stanford University seeks a full time board certified/board eligible physician with either U.S. based Internal Medicine or Pediatrics training for our Sean N. Parker Center. This position will provide the opportunity to work in a world-renowned clinical trial research unit in allergy, asthma, and immune disorders. Successful candidates will participate in exciting, novel clinical research trials in children and adults, and will have the chance to work with an experienced research team to contribute to major impact research articles as an author. Preference will be given to those with critical care experience.

The major criterion for appointment, reappointment and promotion for Clinician Educators is excellence in the overall mix of clinical care and clinical teaching appropriate to the programmatic need the individual is expected to fulfill.

Interested candidates should submit their curriculum vitae, names of three references, and a brief letter outlining their interests at the following link: http://facultyapplication.stanford.edu/ addressed to:

Mark Nicolls, MD
Chief, Division of Pulmonary & Critical Care Medicine
Professor of Medicine
Chair of Search Committee

Stanford University is an equal opportunity employer and is committed to increasing the diversity of its faculty. It welcomes nominations of and applications from women, members of minority groups, protected veterans and individuals with disabilities, as well as from others who would bring additional dimensions to the university’s research, teaching and clinical missions.
