

**Associate Professor or Professor
Blood and Marrow Transplantation
Stanford University School of Medicine**

Hoover Tower – Stanford University

Stanford University is an equal opportunity employer and is committed to increasing the diversity of its faculty. It welcomes nominations of and applications from women and members of minority groups, protected veterans and individuals with disabilities, as well as others who would bring additional dimensions to the university's research, teaching and clinical missions.

The Department of Medicine – Division of Blood and Marrow Transplantation (BMT) at the Stanford University School of Medicine invites applications for a faculty position at the Associate Professor or Professor level in the University Tenure Line or Medical Center Line. We are seeking a candidate who combines an outstanding record of accomplishment in clinical care, teaching, and a focused area of research in allogeneic and autologous marrow and blood stem cell transplantation. Collaborations with colleagues in related disciplines including research activity, translational science and clinical trials, are important aspects of this position. The successful candidate will assume key leadership responsibilities within the Division.

Candidates should be Board Certified in Hematology or Oncology, and have an MD or MD/PhD. Research and teaching are predominant criteria for faculty appointment in the University Tenure Line. The major criteria for appointment for faculty in the Medical Center Line shall be excellence in the overall mix of clinical care or programmatic development, clinical teaching, scholarly activity that advances clinical medicine, and institutional service appropriate to the programmatic need the individual is expected to fulfill. The successful applicant will possess both leadership experience in an academic medical center and a history of securing extramural support. Faculty rank will be determined by the qualifications and experience of the successful candidate.

Stanford University is an equal opportunity employer and is committed to increasing the diversity of its faculty. It welcomes nominations of and applications from women, members of minority groups, protected veterans and individuals with disabilities, as well as from others who would bring additional dimensions to the university's research, teaching and clinical missions.

Interested candidates should submit their curriculum vitae, a brief letter outlining their interests and the names of three references to:

Robert S. Negrin, MD
Professor of Medicine
Chief, Division of Blood and Marrow Transplantation
Stanford Medicine
269 W. Campus Drive, CCSR Bldg., Room 2205
